to me is how the frank marriage of two ingredients whether flour and water or flour and eggs splinters into hundreds of variations of stuffed rolled extruded dried stamped and hand cut shapes how each has its own origin story rhythmic set of motions and tools and how mastery can sometimes come down to an elusive sleight of hand the flick of a wrist the perfect twist of the index finger away from the thumb Movements learned only through practice In the two years between leaving A Voce in Manhattan and opening my first restaurant Lilia in Brooklyn I spent most of my days at home learning for the first time since I was a kid what it meant to cook not for accolades or recognition but for comfort There was no Michelin No New York Times No owners No need to prove that a Jewish kid from Connecticut with no Italian heritage had any business cooking Italian food No longer were my thoughts Is this nice enough or Is this cool enough but rather What kind of food do I want to eat or What food do I want to cook and most importantly Why I was cooking pasta that paid homage to Italy s iconic regional dishes sure but the virtue of craveability was paramount It s why my food at Lilia and my second restaurant Misi is so rooted in home cooking and it s perhaps the only way to explain how a dish as simple as rigatoni with red sauce ended up on Lilia s opening menu and then once again at Misi I wanted to serve the food that I like to eat the food I d always been cooking just stripped down to the studs and rebuilt with a simple mantra in mind quanto basta In Italian cookbooks quanto basta is typically represented as q b It translates to as much as is necessary and it appears when an ingredient is listed without an exact quantity It s essentially the Italian version of salt to taste but it has come to symbolize a shift in focus for me one that places simplicity and comfort first and always makes me ask Is this really necessary It took me decades to get here This book is meant as a ride along from red sauce to regional classics to the pastas I ve made my own At its core is a journey back to the home regions of some of my favorite pastas in an effort to understand them with new clarity to gain a deeper knowledge of not only how they are faring in a country undergoing constant culinary evolution but also of their sense of place Perhaps more than anything though this book is my love letter to pasta What has made pasta the cornerstone of Italian culinary culture for centuries an indelible part of so many Americans early food memories and a food so eminently alluring that even the gluten averse cannot resist its siren song is that it asks first and foremost something elemental of us that we enjoy it

Somewhere is a unique culinary tour of beloved food blogger Dale Gray's life to date. Her journey goes way back to South Africa on the outskirts of Cape Town. Dale grew up with a close knit family who has resided in her hometown for generations but it's almost impossible to encapsulate her heritage in a few words. She describes the people of South Africa as a product of centuries of colonization, enslavement, apartheid, and intermarriage between people from Asia, Africa, and Europe, now compromising a colorful blend of Eastern, Western, and African heritage. After growing up in South Africa, Dale taught English for six years in South Korea and she later moved to the American South where she resides now with her husband. The result of her travels is a one of a kind cookbook with dishes including Porch Party Shrimp with Mississippi Comeback Sauce, Salmon Ssam Feast, and Garlic Peri Peri Roast Chicken. Dale Gray is best known for creating delicious dinner recipes for her blog and Instagram that look as good as they taste, but this book delves far deeper into her story and food with delicious creations like these and more which you'll return to time and time again.
