Loeb, 2020-11-20 A fresh perspective on investing from years past as investors are treated to a straightforward account of how to profit and how to avoid loss in what could be described as the constant tug of war between rising and falling markets **The Battle for Investment Survival** Gerald Martin Loeb, 1957 On Cassette, 1989 *Forthcoming Books* Rose Arny, 1998-04 **The Battle for Investment Survival** G. M. Loeb, 2009-01-23 This book is called *The Battle for Investment Survival* because protecting and increasing capital is in fact a battle In addition to experience flair and contacts matters like this need uninterrupted time and attention and also a need to succeed There will be many who should learn from this book that trying to find their own way in Wall Street will prove unprofitable They will benefit however by what they save rather than by what they make Every reader should close the book knowing more about the hazards of preserving capital and why the book is entitled *The Battle for Investment Survival* To quote again forewarned is forearmed and a knowledge of true investment objectives and the great difficulty in their achievement is half the battle and of great value in itself **The Battle for Investment Survival** G. M. Loeb, 2022-01-07 Loeb's Time Tested Strategies for Winning on Wall Street Markets rise and markets fall it is how intelligent investors behave those fluctuations that determines how much they will profit Gerald M Loeb a founding partner of the E F Hutton they are born from actual experience and knowledge based on timeless rock solid investing principles that Loeb himself had used tested and profited from before writing the book The time tested advice for investors speculators and traders Loeb offers holds just as true today as it did when originally written Loeb provides crucial ground rules to investors to follow for long term success He clearly explains both how the stock market works and how you can make it work for you While he recognizes that investment is an inexact science and asserts nothing is more difficult than succeeding in Wall Street you can learn from the patterns of those who prosper and ultimately reap great financial rewards *The Battle for Investment Survival* is for everyone interested in learning how to survive and thrive in the securities market The main goal protecting and increasing your hard earned capital is indeed a battle in that requires diligence perseverance and endurance as well as a strong will to win To invest successfully and grow your wealth the goal is to make a killing without being killed This invaluable book shows you how Includes illustrative postscript material such as related articles lectures statistical charts and case history examples all compiled by the author over several decades after initial publication as well as a newly expanded foreword and helpful glossary of terms This book is also available from Echo Point Books in hardcover ISBN 1648370713
