FBI Law Enforcement Bulletin, 2010 **Making Policing More Affordable** George Gascón, 2010 *The Incarcerated Modern* Golnar Nikpour, 2024-02-06 Iran's prison system is a foundational institution of Iranian political modernity. The *Incarcerated Modern* traces the transformation of Iran from a decentralized empire with few imprisoned persons at the turn of the twentieth century into a modern nation state with over a quarter million prisoners today. In policing the line between bad criminal and good citizen, the carceral system has shaped and reshaped Iranian understandings of citizenship, freedom, and political belonging. Golnar Nikpour explores the interplay between the concrete space of the Iranian prison and the role of prisons in producing new public cultures and political languages in Iran. From prison writings of 1920s leftist prisoners and communists of 1950s militant Islamists to paintings of 1970s revolutionary guerrillas and mapping projects organized by contemporary dissident prisoners, carceral confinement has shaped modern Iranian political movements. Today, mass incarceration is a global phenomenon. The *Incarcerated Modern* connects Iranian history to transnational carceral histories to illuminate the shared architectures, economies, and techniques of modern punishment.

Making Policing More Affordable George Gascon, 2011-05 Public expenditure on policing in the U.S. more than quadrupled between 1982 and 2006. This report tries to create space for a careful conversation about the challenge of paying for policing. It starts by asking two questions: First, what is driving up police expenditure? Are police departments growing and providing more services to more people, or are the costs of providing these same services simply going up, or are other factors responsible for the increase? Second, what have cities and their residents received in return for their investment in policing? Are there fewer crimes, a greater sense of safety, and more satisfaction with police services? What has happened to the bottom line in policing? Illustration: This is a print on demand report.

Texas Cops Exposed Jay Kidd, 2011-09 The author is a former police chief and three-time Texas whistle blower. He now owns a private investigations company. Bret Adams tells a story that is inspired by true events. The story reveals everything you ever wanted to know about police corruption in Texas. Adams was the class president and valedictorian at the police academy and served in almost every Texas Law Enforcement capacity. Adams has filed whistle blower type lawsuits against state law enforcement agency administrators, police chiefs, law enforcement organization leaders, sheriffs, dozens of police officers, multimillion-dollar companies, city councilmen, and mayors. Adams ended a corrupt sheriff's career and exposed a huge cover-up in a famous whistle blower lawsuit. The story also includes a unique look into the murder of a deputy sheriff and explores the possibility that the deputy was murdered by fellow officers. Also read how Adams exposed one of the most flagrant and outrageous speed traps in Texas history. It does not stop there; in fact, the story details how Chief Adams's police department was disbanded by the mayor to obstruct an investigation into the mayor's company, which allegedly employed hundreds of illegal immigrants. Read how the mayor's fifty-million-dollar-a-year company was suspected of bribing sheriffs, district attorneys, and a former United States Congressman. The story provides valuable information for protecting you and

your family from police corruption This story is also an absolute must for the policeman hopeful as it will give the new officer essential knowledge going into their career From speeding ticket quotas and racial profiling to one of the most corrupt towns in Texas all the way up to murder this story will finally reveal the other side of the blue line and what goes on outside the public eye [Confirmation Hearings on Federal Appointments](#) United States.
