Evusa, 2019-08-22 Despite progress in recent years Oklahoma hardly ranks as woman friendly The state holds the highest incarceration rate of women in the nation It offers women no legal protection against being fired due to sexual orientation or gender identity Its Native American and immigrant populations struggle for access to community resources And Oklahoma is still governed largely by men leaving women without adequate political representation In 2007 the highly acclaimed anthology *Voices from the Heartland* provided a much needed platform for Oklahoma women prominent and unknown to tell

their stories This timely sequel reflects an even broader cross section of women s experiences Just like its predecessor Voices from the Heartland Volume II offers memorable accounts of struggle and transformation It does not sugarcoat the problems that women face in contemporary Oklahoma and in many parts of underprivileged America racism sexism homophobia poverty addiction The 38 contributions gathered here are honest and at times raw They cover such varied topics as girlhood trauma the workplace parenting politics and religious beliefs Taken together the essays comprise a living artifact of women s history accessible and as an anthology ideally suited for classroom use In the wake of the MeToo movement it is more important than ever to listen to what women have to say about their own lives including and perhaps especially women from flyover states like Oklahoma As Sara N Beam states so eloquently in her preface You ll read their stories here as they want them told in a mix of poetry and prose in the voice of a relative in the voice of a tired person across the breakroom table in a secret hush or in a voice not unlike that of your best friend or mother These voices from the heartland inspire us to pause to listen to understand to evolve and to make a difference *Diluvial Soils and Their Amelioration* , **Independent**
