Uncovering You Resurrection English Edition:

The Master List Uncovered Michael W. Dewar, 2009-08 The Master List Uncovered is based upon Michael Dewar's pastoral preaching and teachings over the years it is an encouragement to believers to be steadfast in their faith But it is primarily a trumpet call to people everywhere Christians Gentiles Jews Muslims Buddhists and especially those without a religious faith to urgently contemplate their end of life destination and make the necessary change now by accepting God's redemptive offer of eternal life The compelling message of the book is that every human being will spend his or her eternity in one of two destinations and that destination choice must be made before physical death occurs or it will be made by default The default choice guarantees eternal death but the conscious deliberate choice of redemption guarantees eternal life in a hilariously happy place A person without a chosen end of life destination is a candidate for the eternal Lake of Burning Sulfur by default You are listed in one of God's two record books the book of life or the book of wrath Your listing determines your eternal destination The good news is you can change your listing and destination but the time to act is now **Finding Meaning in an Uncertain World, Second Edition** LeRoy H. Aden, 2015-07-14 Now with an Adult Ministry Study Guide All of us have a desire to live not in the simple sense of merely surviving but in the more profound sense of living with purpose and meaning But we are not born into a ready made world filled with meaning We must find and live the meaning that is ours in the life we have been given Using personal stories and clinical cases this book deals with the human and the spiritual side of our search for meaning and it seeks to help us move toward a more fulfilled life Letting Go, Finding You Hunter Mobley, 2025-05-13 Rethink everything you believe about yourself because of your Enneagram number and embrace the virtues of your type Hunter Mobley has been an Enneagram teacher for years working with people who have read all the books and completed all the programs only to find they are still getting caught in the same patterns of behavior Too many of us are stuck on the treadmill of consumer spirituality clinging to the illusion that we are in charge of our own spiritual growth and development But the path of true transformation according to Mobley isn't in doing more but in doing less in letting go of control and adopting a contemplative posture that will naturally lead us to our true self The key to unlocking this contemplative path is in understanding a fundamental but often missed aspect of Enneagram teaching the Enneagram virtues Most of us focus our Enneagram work on trying to overcome the passion of our Enneagram number Sometimes referred to as the sin this is the expression of our personality that habitually gets us into trouble and blocks us from growth The lesser known virtues on the other hand describe the God image in us and are the best articulations of our true selves The Enneagram mystery hiding in plain sight is that how we have come to know ourselves reflected by our passion is the opposite of who we truly are which is reflected by our virtue We don't have to struggle against our passion we can simply let go and embrace the virtue that has always been at our center Letting Go Finding You will show how a contemplative spiritual path informed by the Enneagram will allow you to finally stop striving after false promises and start surrendering to the truest

to power of the Fatimids The Kashf is thus an essential witness to the way early Ismailism while drawing from a pool of themes common to several Shi'i trends nevertheless formed its own distinctive identity Since it was edited by Rudolf Strothmann for the first time in 1952 the Kashf has attracted the attention of several generations of scholars but did not benefit from a full annotated translation and extensive study highlighting its structure and aims until now The eBook editions of this book are available open access under a CC BY NC ND 4.0 licence on bloomsburycollections.com Open access was funded by The Institute of Ismaili Studies

The Peace Bridge D. C. Hubbard, 2012-09 I buried the past in a shallow unmarked grave but it does not rest in peace In Hannah Zimmer's world the past equals Germany Defying her mother she leaves her New Jersey home for Mainz in the autumn of 1972 to study But a master's degree is just a smokescreen In reality she is on a mission to save her Jewish mother and herself from self destruction Hannah's first priority contacting Great Uncle Ezra in Frankfurt He is her secret weapon for battering down the wall of silence obscuring events that occurred before her family emigrated to the United States in the thirties But will he talk Will facing the past help her mother Or worsen the situation That's the gamble she takes An unexpected distraction derails her efforts two men vie for her favor In record time Hannah experiences both first love and the pain of broken promises before stumbling headlong into a new relationship Her happiness is short lived however for the consequences of falling in love with the enemy soon propel her family to the edge of tragedy Even thirty years after the fall of the Third Reich aftershocks reverberate The ghosts that haunt Hannah's dreams shake the foundations of her world and endanger her hope of reconciliation with the immutable past
