The New Politics of the Textbook Heather Hickman, Brad J. Porfilio, 2012-10-13 In an age of unprecedented corporate and political control over life inside of educational institutions this book provides a needed intervention to investigate how the economic and political elite use traditional artifacts in K 16 schools to perpetuate their interests at the expense of minoritized social groups The contributors provide a comprehensive examination of how textbooks the most dominant cultural force in which corporations and political leaders impact the schooling curricula shape students thoughts and behavior perpetuate power in dominant groups and trivialize social groups who are oppressed on the structural axes of race class gender sexuality and disability Several contributors also generate critical insight in how power shapes the production of textbooks and evaluate whether textbooks still perpetuate dominant Western narratives that normalize and privilege patriotism militarism consumerism White supremacy heterosexism rugged individualism technology and a positivistic conception of the world Finally the book highlights several textbooks that challenge readers to rethink their stereotypical views of the Other to reflect upon the constitutive forces causing oppression in schools and in the wider society and to reflect upon how to challenge corporate and political dominance over knowledge production

Interdisciplinary Instruction Karlyn E. Wood, 2015-03-23 The fifth edition of this practical guide to interdisciplinary instruction focuses on the thinking and reasoning skills mandated by the Common Core State Standards and the content learning standards required by an increasing number of states The author provides an easy to follow step by step guide to designing creating and implementing unit and lesson plans for all learners Both pre service and in service elementary and middle school teachers will find Wood s approach to be comprehensive with a strong theoretical foundation Using Wiggins and McTighe s backward design process Wood offers specific protocols for creating unit and lesson plans at the elementary and middle school levels By emphasizing differential instruction constructivist educational philosophy application of skills in meaningful context and the art of engaging student interest he demonstrates how diverse student populations can benefit from the interdisciplinary approach Prospective teachers will learn to create interdisciplinary and multidisciplinary plans that promote problem solving creativity and social interaction Examples abound with an appendix of sample unit plan designs filled with ideas for lessons

and activities **Integrative Strategies for the K-12 Social Studies Classroom** Timothy Lintner, 2013-03-01 While the concept of integration or an interdisciplinary curriculum has been around for decades the purposeful practice of integration is a relatively new educational endeavor Though classroom teachers often say they integrate there generally seems to be a lack of understanding of what this thing called integration is theory and what it is supposed to look like in the classroom practice Arguably no other discipline has felt the pressure to integrate more than social studies Marginalized by federal initiatives such as No Child Left Behind and suffering from a general crisis of credibility social studies has been pushed further and further to the proverbial back burner of educational importance Yet regardless of perspective or position social studies remains ripe for integration The crux of this book is to provide educators insights and strategies into how to integrate social studies with other discipline areas Calling upon national experts in their respective fields each chapter chronicles the broad relationship between individual content areas and social studies Multiple examples of integrative opportunities are included At the end of each chapter is a series of grade specific integrative lesson plans ready for implementation This book was purposefully designed as a how to hands on ready reference guide for educators at all stages and all levels of teaching

Writing as a Learning Activity Perry Klein, Pietro Boscolo, Lori Kirkpatrick, Carmen Gelati, 2014-04-10 Writing as a learning activity offers an account of the potentials of writing as a tool for learning Four aspects of writing emerge particularly clearly through the chapters First writing to learn depends on the cognitive strategies of the writer instruction in such strategies contributes significantly to the ability to use writing as a learning tool Secondly strategies for writing and reasoning are largely specific to academic disciplines Thirdly writing is not as traditionally conceived only an individual ability but also an activity that is social It is a collaborative practice facilitated by representational tools books computer notes schemata drawings etc by which knowledge is acquired organized and transformed at various levels of complexity Fourthly writing is a productive activity exemplified by the varied and positive effects of writing on learning different subjects at various educational levels *The Differentiated Classroom* Carol A.
