**Study Guide for Jackson J. Spielvogel's Western Civilization, Sixth Edition** James Thomas Baker, 2006 *Study Guide for Jackson J. Spielvogel's Western Civilization, Fifth Edition* James Thomas Baker, 2003 *Western Civilization* Jackson J. Spielvogel, 1999 There are many reasons why this is the number one selling Western Civilization text in the country. The clear single author narrative by Jackson Spielvogel presents history in an appealing and accessible manner. This text truly tells a story that students will understand. WESTERN CIVILIZATION strikes a true balance and provides a synthesis of political, economic, social, religious, military, cultural, and intellectual history. This balance gives students a solid foundation for further study in history. Chapter 29, The Contemporary Western World Since 1970, is a particularly good illustration of the text's balance. The book's documents and maps are useful and superb. *Spielvogel's Western Civilization* Spielvogel, Jackson J. Spielvogel, 2005 Prepared by James T. Baker of Western Kentucky University, the Study Guide includes chapter outlines and summaries, a glossary of key terms for each chapter, analysis of primary source documents and questions that include matching, multiple choice, fill in the blank, chronology, critical thought, and map exercise questions. **Western Civilization: Since 1789** Jackson J. Spielvogel, 2003 This is Volume C, chapters 19-29 of the best-selling Western civilization text that has helped hundreds of thousands of students learn about the present by exploring the past. Jack Spielvogel's engaging chronological narrative weaves the political, economic, social, religious, intellectual, cultural, and military aspects of history into a gripping story that is as memorable as it is instructive. Each chapter offers a substantial introduction and conclusion that sparks students' imaginations by giving them a context within which to understand these disparate themes. And while the single author narrative makes it easy for students to follow the story of Western civilization, Spielvogel has included dozens of maps and primary sources, including official documents, poems, and songs that enliven the past while introducing students to the challenges involved in interpreting history. This text is available in many split options.
