Reading Theology Wisely Kent Eilers, 2022-05-24 Could reading theology turn you toward God in astonished worship? Could it enliven your reading of Scripture? Could it move you toward your true self in Christ? Could it turn you toward your neighbors in self-giving love? Could it unmask your prejudices? Could it dethrone your idols? Should we hope for anything less? In this illuminating introduction, Kent Eilers invites Christians of all backgrounds into the practice of reading theology. With a classroom-tested approach, Eilers shows how theology can form the imagination and enhance the human capacity for perceiving reality beyond the surface of things, allowing Christians to see and experience God in the everyday. He then guides readers through the essential facets of theology so that it can begin to feel familiar and accessible even and especially to beginners with no prior experience. Written conversationally and illustrated beautifully with art by Chris Koelle, *Reading Theology Wisely* is welcoming and engaging in every respect. Eilers takes a well-rounded approach to his subject, utilizing Scripture and the wisdom of past thinkers as well as references to film and the arts, including a special emphasis on architecture as part of an ongoing metaphor of inhabiting texts as we do physical spaces. Each chapter ends with a prayer and questions for reflection and discussion, followed by a theology lab in which readers can put the content of the preceding chapter into practice.

The God Matrix: Decoding the Divine Blueprint for Reality, Faith, and Society Roger Ball, 2025-09-01 This book is not a single linear argument but a collection of expeditions into the deepest questions of human existence. Each chapter essay stands alone as a focused, intense exploration of a specific facet of truth, life, and reality. Together, they weave a larger tapestry revealing the profound and often hidden architecture of the divine order in which we live, move, and have our being. Here, the Matrix is not an illusion; it's the foundational gridwork of reality, the operating system authored by God. These essays are attempts to interface with that system to understand its source code of love, logic, justice, and grace. Some ideas will comfort you; others will challenge you. You are invited not to simply agree but to actively participate in a conversation as old as creation. Read in sequence or begin wherever your most urgent question lies. Within these pages, you will find the tools to decode the divine signals in your life, better understand the heart of God, and ultimately see the world as it truly is: a reality sustained by and forever connected to the mind of its Maker. This is the story of everything. This is the red pill that can change your life. Chapter titles include: Can God's Existence Be Proven? Why Did God

Get Ready, Get Set ... Go Ye!: Emerging Disciples In the Postmodern Era Marsha L. Williams, DMin, MDiv, 2015-02-09 We are called to be disciples and once we come into a real relationship with Jesus Christ to share it with others But recently we have drifted away from making disciples focusing instead on other things In this study author Rev Dr Marsha L Williams shows that discipling as the foundational mission of the church outlined by Jesus in the Great Commission is cyclical and intergenerational and that churches must maintain a current and vibrant message for every new generation As part of her doctoral thesis Williams interviewed recent graduates from the Emmanuel Baptist Church of Tinton Falls New Jersey to update church practices that attract and keep the postmodern generation by evaluating the effectiveness of discipling programs She now considers which practices were fruitful and why explores alternative methods for discipling generation next and develops new activities and relationships to grow an intergenerational link resulting in the disciplined becoming the disciples
