Be!** Raymond A. Hiraldo,2014-09-26 There are times when we all feel so emotionally vulnerable that all we can do is look towards the sky for any possible answers in the forms of celestial signs Some of us shrug things off when nothing is shown to us but many of us continue crying out to the sky asking even more questions I admit at being among the many people who have done that very same thing As I was so busy looking everywhere for a sign I failed to look within my very being Once I surrendered all my emotions to everything that is me is when one answer came It not only came as a voice but it even appeared almost as like a constellation in the sky A sky I have looked up to with questions for so long The answer It was Instead of wasting time questioning yourself as to how why or what you are you should just use that time to be **Doug Pratt's DVD** Douglas Pratt,2005 Doug Pratt is the leading reviewer of DVDs a contributor to Rolling Stone and editor and publisher of The DVD Laserdisc Newsletter Choice says Pratt s writing is amusing comprehensive and informative Rolling Stone calls this two volume set the gold standard on all things DVD The set is unique in giving space to non feature film DVDs the fastest growing area of the market Not just a reference book it s also good reading **What I Was Thinking** Simon Gelman,2020-10-08 Simon Gelman started to think about writing a book seventeen years ago at the end of his chairmanship Initially he saw quite a few obstacles His hesitations were related to his lack of knowledge of the English language lack of knowledge of American culture and lack rather a complete absence of experience in writing nonmedical text Over the years the conceived idea was maturing and the question of whether writing the book or not gradually converted into how to write it Gelman managed to overcome the uncertainties and decided just to tell the story The first chapter of the book is a memoir However it is written as a retrospective analysis of the thoughts Gelman had and actions he chose at different periods of his life The following chapters address certain subjects like how to be a chairman of an academic medical department relationships between doctors and patients socialism and capitalism and anti Semitism These chapters describe Gelman s views and how they changed over time affected by his maturing and life in three different countries Soviet Union Israel and United States with very different social structures and cultures A few of Gelman s friends who read the first drafts of this book were saying that these chapters that describe his changing views on the subjects can be helpful to understand many different often not well justified actions in human lives The book does not suggest what should be done in one or another circumstance It rather tells the story of how and why the decisions right or wrong were made depending on the background and acquired knowledge
