**Hygiene & safety with handling:** The Contact Resin is a flammable, slightly toxic oil polymeric substance. Use with appropriate safety skills.

For parameter lengths, researchers should always report both the number of parameters in the model and the number of data points used to estimate the model. For example, if a model has 10 parameters and 100 data points, the model is overfitted. The number of parameters should be reported in the model description, and the number of data points should be reported in the model evaluation section.

that "it is the responsibility of the government to protect the environment, it is not the responsibility of the people to take care of the environment." The President's answer is: "Government has the duty and the right to protect the environment, but it is not the responsibility of the government to protect the environment."

Statements on disinterestedness notwithstanding, the authors' daily publishing department is responsible for these views.

East Asia's working-class youth campaign (1961) and Singapore's youth labour movement (1962) were the only two youth labour movements in the region.
