*The End of Strife* Leland Johnson,2014-11-10 The purpose of this book is to explain both the causes for the social and cultural breakdown s in today s world as well as the solutions to our societal regression The causes come from multiple fronts and did not develop in a matter of days weeks months years decades or even generations The degenerative process that has led humanity to the suicidal path it is currently embarked upon has taken several centuries of progressive corruption to reach this point However there is a way to reverse course and heal our society again returning it to its former strength and health The way in which a true peace can be realized in this world will be explained It must be admitted that what it takes to achieve a more universal peace is difficult and burdensome on people for many and various reasons However when the reader looks at the state of the world today it is hopeful that they will choose the difficult and burdensome road required in order to maintain a peaceful civilization rather than the bloody chaos and anarchy transpiring in today s world
