The Singularity Heretic Volume 1:

Basic Writings of St. Thomas Aguinas: (Volume 1) Thomas Aguinas, 1997-09-15 Includes the whole of the First Part of the Summa Theologica Pegis s revision and correction of the English Dominican Translation renders Aguinas technical terminology consistently as it conveys the directness and simplicity of Aguinas writing the Introduction notes and index aim at giving the text its proper historical setting and the reader the means of studying St Thomas within that setting in Transition John Christian Laursen, Cary J. Nederman, 2016-04-22 The concept of heresy is deeply rooted in Christian European culture The palpable increase in incidences of heresy in the Middle Ages may be said to directly relate to the Christianity s attempts to define orthodoxy and establish conformity at its centre resulting in the sometimes forceful elimination of Christian sects In the transition from medieval to early modern times however the perception of heresy underwent a profound transformation ultimately leading to its decriminalization and the emergence of a pluralistic religious outlook The essays in this volume offer readers a unique insight into this little understood cultural shift Half of the chapters investigate the manner in which the church and its attendant civil authorities defined and proscribed heresy whilst the other half focus on the means by which early modern writers sought to supersede such definition and proscription The result of these investigations is a multifaceted historical account of the construction and serial reconstruction of one of the key categories of European theological juristic and political thought The contributors explore the role of nationalism and linguistic identity in constructions of heresy its analogies with treason and madness the role of class and status in the responses to heresy In doing so they provide fascinating insights into the roots of the historicization of heresy and the role of this historicization in the emergence of religious pluralism Reading Medieval Anchoritism Mari Hughes-Edwards, 2012-06-15 Medieval anchorites willingly embraced the most extreme form of solitude known to the medieval world so they might forge a closer connection with God Yet to be physically enclosed within the same four walls for life required strength far beyond most medieval Christians This book explores the English anchoritic guides which were written revised and translated throughout the Middle Ages to enable recluses to come to terms with the enormity of their choices The book explores five centuries of the guides negotiations of four anchoritic ideals enclosure solitude chastity and orthodoxy and of two vital anchoritic spiritual practices asceticism and contemplative experience It explodes the myth of the anchorhold as solitary death cell revealing it as the site of potential intellectual exchange and spiritual growth The Eclectic review. vol. 1-New [8th] ,1805 Classifying Christians Todd S. Berzon, 2021-05-25 Classifying Christians investigates late antique Christian heresiologies as ethnographies that catalogued and detailed the origins rituals doctrines and customs of the heretics in explicitly polemical and theological terms Oscillating between ancient ethnographic evidence and contemporary ethnographic writing Todd S Berzon argues that late antique heresiology shares an underlying logic with classical ethnography in the ancient Mediterranean world By providing an account of heresiological writing from the second

to fifth century Classifying Christians embeds heresiology within the historical development of imperial forms of knowledge that have shaped western culture from antiquity to the present Socio-Historical Examination of Religion and Ministry, Volume 1, Issue 1 Darren M. Heresy and the Making of European Culture Andrew P. Roach, James R. Simpson, 2016-04-22 Scholars and analysts seeking to illuminate the extraordinary creativity and innovation evident in European medieval cultures and their afterlives have thus far neglected the important role of religious heresy The papers collected here reflecting the disciplines of history literature theology philosophy economics and law examine the intellectual and social investments characteristic of both deliberate religious dissent such as the Cathars of Languedoc the Balkan Bogomils the Hussites of Bohemia and those who knowingly or unknowingly bent or broke the rules creating their own unofficial orthodoxies Attempts to understand police and eradicate all these through methods such as the Inquisition required no less ingenuity The ambivalent dynamic evident in the tensions between coercion and dissent is still recognisable and productive in the world today Truth and the Heretic Karen Sullivan, 2005-09-15 Exploring the figure of the heretic in Catholic writings of the twelfth and thirteenth centuries as well as the heretic's characterological counterpart in troubadour lyrics Arthurian romance and comic tales Truth and the Heretic seeks to understand why French and Occitan literature of the period celebrated the very characters who were so persecuted in society at large Karen Sullivan proposes that such literature allowed medieval culture a means by which to express truths about heretics and the epistemological anxieties they aroused The first book length study of the figure of the heretic in medieval French and Occitan literature Truth and the Heretic will fascinate historians of ideas and literature as well as scholars of religion critical theory and philosophy The British Controversialist and Literary Magazine ,1870

The Book of Concord Theodore Gerhardt Tappert, 1959-01-01 Confessional writings of the Lutheran Church and other information essential to understanding the confessions The British Controversialist, 1870 Of the Church, five bookes. Vol. 1 [containing books 1-3. No more publ.]. Richard Field, 1853 Disarming Intelligence Zakir Paul, 2024-08-13 A critical account of the idea of intelligence in modern French literature and thought In the late nineteenth century psychologists and philosophers became intensely interested in the possibility of quantifying measuring and evaluating intelligence and using it to separate and compare individuals Disarming Intelligence analyzes how this polyvalent term was

consolidated and contested in competing discourses from fin de si cle psychology and philosophy to literature criticism and cultural polemics around the First World War Zakir Paul examines how Marcel Proust Henri Bergson Paul Val ry and the critics of the influential Nouvelle revue fran aise registered negotiated and subtly countered the ways intelligence was invoked across the political and aesthetic spectrum For these writers intelligence fluctuates between an individual sovereign faculty for analyzing the world and something collective accidental and contingent Disarming Intelligence shows how literary and critical styles questioned suspended and reimagined what intelligence could be by bringing elements of uncertainty and potentiality into its horizon The book also explores interwar political tensions from the extreme right to Walter Benjamin s engaged essays on contemporary French writers Finally a brief coda recasts current debates about artificial intelligence by comparing them to these earlier crises of intelligence By drawing together and untangling competing conceptions of intelligence Disarming Intelligence exposes its mercurial but influential and urgent role in literary and cultural politics

The Hexagon of Heresy James D. Gifford, 2022-11-11 Have you ever wondered how we got here Have you ever wondered how Western civilization arrived at the brink of suicide How did a thoroughly Christian culture give rise to the very ideas that seek to kill it Constantinople was conquered by the Ottoman Turks Western civilization has never been conquered from without it is being conquered from within How do philosophies like deism fatalism Marxism atheism and secular humanism arise from within the confines of the Christian theological culture that is Western civilization Also why are there always exactly two sides to every fundamental disagreement Why is it either liberal or conservative sovereignty or freedom rational or volitional meticulous order or complete chaos Catholic or Protestant Lutheran or Reformed God or humanity the one or the many Why is there never a third option or even an option that can bypass the dichotomy This book attempts to provide a framework that seeks to begin answering some of those questions. The answer may be something very ancient and almost forgotten in today s world Theological decisions were made long ago that planted the seeds for the destruction of both church and civilization What are they Read and find out The Works of Charles and Mary Lamb (Vol. 1-6) Charles Lamb, Mary Lamb, 2023-12-12 The Works of Charles and Mary Lamb Vol 1 6 invites readers into an expansive exploration of early 19th century literature seamlessly blending essays letters and poetry that capture the essence of their time This collection artfully stitches together a tapestry of styles from the emotional depth of their poetry to the whimsical and contemplative reflections in their essays revealing the Lambs ability to traverse both the intimate and the universal Highlights of this anthology include thought provoking explorations of societal norms and personal introspection captivating readers with their timeless relevance and eloquence Both Charles and Mary Lamb emerge as pivotal figures in the literary era bridging Romanticism and Victorianism Born into a world of transformation they offer unique perspectives crafted through personal triumphs and tragedies Their collaborations including the celebrated Tales from Shakespeare showcase a shared vision breathing new life into established narratives This anthology connects with currents of Romantic individualism

Feminism, Absolutism, and Jansenism Daniella Kostroun, 2011-06-06 Feminism Absolutism and Jansenism .1842 chronicles seventy years of Jansenist conflict and its complex intersection with power struggles between gallican bishops Parlementaires the Crown and the Pope Daniella Kostroun focuses on the nuns of Port Royal des Champs whose community was disbanded by Louis XIV in 1709 as a threat to the state Paradoxically it was the nuns adherence to their strict religious rule and the ideal of pious innocent and politically disinterested behavior that allowed them to challenge absolutism effectively Adopting methods from cultural studies feminism and the Cambridge School of political thought Kostroun examines how these nuns placed gender at the heart of the Jansenist challenge to the patriarchal and religious foundations of absolutism they responded to royal persecution with a feminist defense of women's spiritual and rational equality and of the autonomy of the individual subject thereby offering a bold challenge to the patriarchal and religious foundations of absolutism Localizing Christopher Marlowe Arata Ide, 2023 This study punctures the stereotyped portrayals of Marlowe first created by his rival Robert Greene and yet which still colour our view In doing so Ide reveals the social and cultural discourses out of which such myths emerged We know next to nothing about the life of the playwright Christopher Marlowe b 1564 d 1593 Few documents survive other than his birth record in the parish register a handful of legal cases in court records Privy Council mandates and reports to the Council the coroner's examination of his death and a few hearsay accounts of his atheism With such a limited collection of biographical documents available it is impossible to retrieve from history a complete sense of Marlowe However this does not mean that biography cannot play a significant role in Marlowe studies By observing the details of the specific places and communities to which Marlowe belonged this book highlights the collective experiences and concerns of the social groups and communities with which we know he was personally and financially involved Specifically Localizing Christopher Marlowe reveals the political and cultural dynamics in the community of Corpus Christi College Cambridge into which Marlowe was deeply integrated and through which he became affiliated with the circle of Sir Francis Walsingham mapping these influences in both his life and works
