The Search For Soaring Hawk:

The Search for Soaring Hawk Terry O'Reilly,2013-02-03 Son of an Indian brave and a white captive Soaring Hawk is raised in the native customs As he grows into manhood he discovers his desire for the love of men Knowing the fate of those of two spirits within his tribe he leaves the Indian village disguises his heritage and enters the white man s world as Samuel Hawkins He soon discovers life is difficult for a man who prefers men While he finds companionship and forms bonds with many of the men he meets he is unable to find a relationship which satisfies his deepest need He also discovers much of what is in the world outside his village conflicts with the values of his native upbringing He embarks on an odyssey which takes him across the continent and into the arms and beds of many lovers As he travels he comes to realize love has many forms But the one he seeks most continually eludes him Where will his odyssey lead him Will he ever come to the end of his search for Soaring Hawk *In Angels' Arms* Cheryl Venable,2019-05-01 D J O Connor had spent most of his adult life trying to find two Union Army officers that his family had assigned to have been from the ranks of the heavenly host because of help that they had provided to members of the family during the Civil War Both men had done God s work on earth to benefit not only his family but the whole idea of the greater good Following a clue DJ went to a home in Biscay Colorado where he was welcomed by the family of not only Second Lieutenant Devon W Labatte the man he had been told he would find there but the late Major Dr Earl Townsend the other officer he had been looking for The family invited DJ to sit with them to watch over Devon while he slept because they knew that his time was near As he was seeing the man that he had so much appreciation DJ s curiosity was racing Surveying the room DJ saw the evidence of a life well spent with tokens of travel and remembrances of special people and events One special event was remembered in a very large painting with both men s families along with three other families and on a small table near the bed was the photograph that the painter had used as a guide DJ asked about the painting and how all the people in it had become intertwined into one family For the rest of the day DJ listened intensely to the story of how these two men who had been raised in different parts of the country and with very different financial backgrounds had overcome many obstacles lived through the war become friends fought inner demons and raised their families together all the time treating everyone with respect and giving assistance to others as second nature

Berthold, 2013-03-08 If it is true that science proceeds from a romantic through a scientific to a technological stage then research on bird orientation is certainly on its move from its first to its second grade and recent developments in radiotelemetry and satellite tracking of migrating birds might already indicate the advent of the third stage At this juncture Orientation in Birds is a timely account Even though the study of animal migration in general and bird navigation in particular has produced a literature of impressive proportions the threads provided by the plethora of research papers review articles and symposiums volumes have not yet been knitted into a theoretical fabric This is partly due to our still incomplete understanding of fundamental topics in avian navigation The answer to the most intriguing question of how a bird displaced to unknown territory finds its way back home is as obscure now as it was a few decades ago Whether and how birds solve this problem by using far ranging grid maps or more local familiar area maps as has been proposed off and on is still a matter of heated debates These debates frequently center around provocative hypotheses let alone the question about the physical topographic magnetic infrasonic olfactory parameters which might constitute such maps Varieties of Durum Wheat Anton
