Articles About The Community Of Imam W. DEEN MOHAMMED Q. Daawud Grey,2023-11-16 Similar to the two previous volumes this compilation helps to document and chronicle the transformation of the reformist African American self help organization originally known as the Nation of Islam The articles herein provide a window or lens into the community that was propelled into a new growth by the language and logic of Imam W Deen Mohammed As noted in Volume II the community of Imam Mohammed is not defined so much by geography or location but by his distinctive perception and application of Islamic ideas and principles In other words Imam Mohammed s unique understanding and vision of al Islam is what forms and binds his community And it s precisely his interpretation and implementation of al Islam that separates the community from all other Muslim communities Therefore you are invited to review some of the watershed events that have spurred the community s growth which I documented during the four years since the last volume Of course this is only a scratching of the surface since I am only one person and couldn t attend many of the consequential events that should have been included *Articles About the Community of Imam W.
