Here's how it all goes down:

- 1 Hester Prynne**  
Hester Prynne has had a baby, Pearl, and is in jail wearing a scarlet "A" to mark her as an adulteress.

- 5 Confession**  
Arthur backs out of the plan and confesses his sin. Standing on the scaffold, he tears open his shirt to display his red mark to the entire town before dying.

- 2 Roger Chillingworth**  
Hester's husband returns to town and pretends to be Roger Chillingworth. His plan is to find Hester's lover.

- 6 More Death**  
Chillingworth dies and leaves all his money to Pearl. Pearl and Hester are now able to leave the colony and head back to England.

- 3 Arthur Dimmesdale**  
Roger is quick to realize that Arthur Dimmesdale is Hester's lover and harasses him for the next seven years. Arthur is sick with guilt.

- 7 Return**  
In the end, Hester returns to the colony and proudly continues to wear her letter. Later she dies and is buried next to Arthur. The letter "A" is marked on her grave.

- 4 Plan**  
Hester tells Arthur who Roger truly is and they plan to settle together back in England. Arthur, still feeling guilty, develops a nasty red mark on his chest.

[The Office of The Scarlet Letter](#) Sacvan Bercovitch, 2013-04-30 The Scarlet Letter has proved our most enduring classic writes Sacvan Bercovitch because it is the liberal example par excellence of art as ideological mimesis To understand the office of the A is to see how culture empowers symbolic form including forms of

dissent and how symbols participate in the dynamics of culture including the dynamics of constraint With an approach that both reflects and contests developments in literary studies Bercovitch explores these connections from two perspectives first he examines a historical reading of the novel's unities and then a rhetorical analysis of key mid nineteenth century issues at home and abroad In order to highlight the relation between rhetoric and history he focuses on the point at which the scarlet letter does its office at last the moment when Hester decides to come home to America In *The Office of The Scarlet Letter* Bercovitch argues that the process by which the United States usurped America for itself symbolically is also the process by which liberalism established political and economic dominance In the course of his study he offers sustained discussions of Hawthorne's irony and ambiguity of aesthetic and social strategies of cohesion and of the conundrums of liberal dissent Winner of the Modern Language Association's James Russell Lowe prize *The Office of The Scarlet Letter* provides a theoretical redefinition of the function of symbolism in culture and an exemplary literary ideological reading of a major text

Diamond, 2021-07-08 Offering innovative psychoanalytic readings of Nathaniel Hawthorne's four romances this volume systematically applies Freudian theory to present significant new insights into the psychology of Hawthorne's characters and their fates By critically examining scenes in which the protagonists confront past traumas Diamond underscores the transformative potential which Hawthorne attributes to encounters with the unconscious Psychoanalytic narrative technique is employed to interpret the psychological crises all hidden by Hawthorne in narrative gaps in *The Scarlet Letter* *The House of the Seven Gables* *The Blithedale Romance* and *The Marble Faun* The protagonists' transformations that are illuminated are

crucial to an understanding of the trajectory and resolution of the romances The text will benefit both academic and non academic readers who seek a deeper understanding of the psychology of Hawthorne s romances It will be of particular interest to educators and researchers of applied psychoanalysis and psychoanalytic technique Since its conclusions challenge many currently held critical views this volume is especially relevant to scholars of Hawthorne studies interdisciplinary literary studies and 19th century American literature What Twenty-first Century Leadership Can Learn from Nineteenth Century American Literature Christine A. Eastman, 2024-07-12 What Twenty First Leadership Can Learn from Nineteenth Century American Literature aims to narrow the gap between leadership theory and practice offering an account of how leaders in organizations can improve their practice by drawing on the literary imagination Eastman analyses how business students can use literary fiction to find solutions to workplace problems how they can engage with fictional writers ideas about work morality and the self and how they can articulate their own ideas about fostering a deeper connection between leaders and their teams in the workplace The book contributes to leadership studies by setting out the case for using literary fictional texts to explore leadership scenarios It has several purposes The first is to provide educators with ideas on how to use fiction with students following a business curriculum The second is to encourage industry to help their employees to become better able to analyse and synthesize complex and possibly conflicting ideas as well as how to articulate these ideas with clarity A third purpose is to demonstrate how university and industry can work together The work presents an alternative orientation for leaders predicated on the conviction that reading fiction will support students in becoming better at thinking about working relationships and at understanding other people and it provides the underpinnings of a unifying theoretical framework for learning through fiction in a professional context and aims to demonstrate that reading about how fictional characters respond to the challenges of life supports students to formulate their own innovative leadership thinking

**The Threads of The Scarlet Letter** Richard Kopley, 2003 The Threads of The Scarlet Letter offers new discoveries regarding the origins of Hawthorne s masterpiece as well as critical interpretations based on these discoveries Relying on a blend of close reading biographical analysis and archival research this book demonstrates anew the power of traditional scholarship The Threads of The Scarlet Letter illuminates Hawthorne s transformation of Poe s celebrated tale The Tell Tale Heart and Lowell s long neglected poem A Legend of Brittany and identifying the hitherto unknown author of the seminal narrative The Salem Belle investigates Hawthorne s brilliant borrowing from that novel as well The present volume argues that Hawthorne repeatedly attenuated his sources but also allowed sufficient detail to permit their recognition Furthermore this volume elaborates Hawthorne s reworking of formal traditions in The Scarlet Letter traditions that importantly clarify the meaning of the whole The Scarlet Letter is shown to be a complex rendering of man s fall and redemption and a triumphant assertion of literary vocation The Threads of The Scarlet Letter includes a useful bibliographical overview of the history of the study of the origins of Hawthorne s greatest work *Northrop Frye and American Fiction* Claude Le

Fustec,2015-01-01 Northrop Frye and American Fiction challenges recent interpretations of American fiction as a secular pursuit that long ago abandoned religious faith and the idea of transcendent experiences Inspired by recent philosophical thinking on post secularism and by Northrop Frye s theorizing on the connections between the Bible and the development of Western literature Claude Le Fustec presents insightful readings of the presence of transcendence and biblical imagination in canonical novels by American writers ranging from Nathaniel Hawthorne to Toni Morrison Examining these novels through the lens of Frye s ambitious account of literature s transcendent or kerygmatic power Le Fustec argues that American fiction has always contained the seeds of a rejection of radical skepticism and a return to spiritual experience Beyond an insightful analysis of Frye s ideas Northrop Frye and American Fiction is powerful testimony of their continued interpretive potential

Stern,2008-04-15 American novels written in the wake of the Revolution overflow with self conscious theatricality and impassioned excess In The Plight of Feeling Julia A Stern shows that these sentimental melodramatic and gothic works can be read as an emotional history of the early republic reflecting the hate anger fear and grief that tormented the Federalist era Stern argues that these novels gave voice to a collective

mourning over the violence of the Revolution and the foreclosure of liberty for the nation's noncitizens: women, the poor, Native and African Americans. Properly placed in the context of late eighteenth-century thought, the republican novel emerges as essentially political, offering its audience gothic and feminized counternarratives to read against the dominant male-authored accounts of national legitimation. Drawing upon insights from cultural history and gender studies as well as psychoanalytic narrative and genre theory, Stern convincingly exposes the foundation of the republic as an unquiet crypt housing those invisible Americans who contributed to its construction.
