Empowering Novice Academics for Student Success Dr Johann Hugo, 2021-04-26 This book is essential for academics that enter the field of higher education and training as it focuses on preparing teachers and trainers to respond appropriately to student success challenges. Student success is a burning issue both globally and locally. While student achievement is determined by a combination of factors, teachers and their teaching practices do matter. Higher education teachers are expected to fulfil different roles at different times such as planning for curriculum implementation, mentorship and coaching, facilitating learning resource development and student assessment. Against this background, the primary purpose of Empowering novice academics for student success Wearing different hats is building the capacity of novice teachers and trainers to play an influential role in increasing student success throughput. **Where Am I in the Picture?** Claudia Mitchell, Katarina Giritli-Nygren, Relebohile Molestane, 2023-12-18 Positionality and researcher reflexivity: how to account for one's subject position remain as challenges for new researchers. But they also remain as challenges for experienced researchers who are often involved in multiple research projects simultaneously. Where Am I in the Picture sheds light on the idea of researcher positionality through visual methodologies, particularly in the context of studying rurality in Canada, Sweden and South Africa. The book is intended for new and experienced researchers seeking to decolonize their own perspectives in research in the social sciences and humanities. It incorporates photographs, drawings and memory work to highlight the social constructedness of what counts as rural. Drawing together compelling narratives from researchers about their positionality in studying rurality, the book highlights a need for greater attention to where we are in the picture more broadly. It suggests that when it comes to the rural, researchers need to rethink the interplay of dominant images, insider and outsider perspectives and what this interplay means in relation to interpretation. Where Am I in the Picture presents a new vision of how to take into consideration positionality in research. **Youth In South Africa** Ariane De Lannoy, Malose Langa, 2021-05-05 South Africa is characterised by a youthful population and the challenges and possibilities that characterise the young generation are both warning signs and beacons of hope for a nation founded on social justice. Youth in South Africa Agency in visibility and national development takes stock of the nation's development as it affects young people. Authors offer both personal and professional insights into the ways in which the youth navigate their own pathways to adulthood. These include formal and informal engagements with politics as well as protest, unemployment, entrepreneurship, education, religion, experiences with sexuality and violence and a multitude of other life experiences. Contributors paint a picture of the initiative, agency and resilience of the youth as well as the challenges before them. Authors also identify the state of wait-hood faced by those unable to make the transition out of youth into full adulthood as a result of their socio-economic circumstances and political context. By engaging these experiences and insights and primarily informed by the inputs of young people, the authors highlight the limitations of existing youth policies and frameworks. The case is

made for policy instruments to be informed by the lived experiences of the youth as they navigate a complex macrosocial environment and by the messages the youth communicate about the limitations of current approaches Going to University Case, Jennifer, Marshall, Delia, 2018-02-09 Around the world more young people than ever before are attending university Student numbers in South Africa have doubled since democracy and for many families higher education is a route to a better future for their children But alongside the overwhelming demand for higher education questions about its purposes have intensified Deliberations about the curriculum culture and costing of public higher education abound from student activists academics parents civil society and policy makers We know from macro research that South African graduates generally have good employment prospects But little is known at a detailed level about how young people actually make use of their university experiences to craft their life courses And even less is known about what happens to those who drop out This accessible book brings together the rich life stories of 73 young people six years after they began their university studies It traces how going to university influences not only their employment options but also nurtures the agency needed to chart their own way and to engage critically with the world around them The book offers deep insights into the ways in which public higher education is both a private and public good and it provides significant conclusions pertinent to anyone who works in and cares about universities *Bildungsentwicklungen und Schulsysteme in Afrika, Asien, Lateinamerika und der Karibik* Christel Adick, 2012 Globalisierung und Migration internationale Begegnungen Schul und Hochschulkooperationen oder Projekte der Entwicklungszusammenarbeit r cken auch au ereurop ische Regionen immer mehr in das Blickfeld internationaler p dagogischer Fragestellungen ber Bildungsentwicklungen au erhalb der westlichen Welt wird jedoch im deutschen Sprachraum relativ wenig publiziert Diesem Umstand will der vorliegende Sammelband abhelfen Teil 1 enth lt Regionalstudien zu Bildung in den Arabischen Staaten der Karibik Lateinamerika den Ostasiatischen Staaten der Pazifikregion Subsahara Afrika und S d und Westasien In Teil 2 finden sich L nderstudien zum Bildungswesen einzelner Staaten dieser Regionen die als besonders einflussreich gelten Brasilien China Nigeria Indien Japan Mexiko und S dafrika Das Buch wendet sich an Wissenschaftler und Studierende aus den Erziehungs Kultur Politik oder Sozialwissenschaften ferner an Experten Dozenten und Praktiker grenz berschreitender Bildungs Kooperationen Es kann dar ber hinaus auch f r Journalisten Mitarbeiter internationaler Wirtschaftsunternehmen oder im Tourismussektor von Interesse sein Aufgrund der Kombination von regional ausgerichteten berblicksartikeln und einzelnen L nderstudien eignet es sich als Seminarlekt re oder zum Selbststudium Mit Beitr gen von Christel Adick Laura Patricia Cruz Ruiz Ina Gankam Tambo Caroline Gl ckner Esther Hahm Jonathan Kriener Gregor Lang Wojtasik Sabine Meise Christine Rehklau Claudia Richter und Volker Schubert
