**The Science Of Getting Rich** W. D. WATTLES,2024-12-29 Whatever may be said in praise of poverty the fact remains that it is not possible to live a really complete or successful life unless one is rich No man can rise to his greatest possible height in talent or soul development unless he has plenty of money for to unfold the soul and to develop talent he must have many things to use and he cannot have these things unless he has money to buy them with Man develops in mind soul and body by making use of things and society is so organized that man must have money in order to become the possessor of things therefore the basis of all advancement for man must be the science of getting rich The object of all life is development and everything that lives has an inalienable right to all the development it is capable of attaining Man s right to life means his right to have the free and unrestricted use of all the things which may be necessary to his fullest mental spiritual and physical unfoldment or in other words his right to be rich In this book I shall not speak of riches in a figurative way to be really rich does not mean to be satisfied or contented with a little No man ought to be satisfied with a little if he is capable of using and enjoying more The purpose of Nature is the advancement and unfoldment of life and every man should have all that can contribute to the power elegance beauty and richness of life to be content with less is sinful

contemporary understanding of wealth creation and personal development      The Science of Getting Rich Wallace D Wattles, 2013-12 Wallace D Wattles The Science of Getting Rich definitely deserves nomination for any Hall of Fame featuring self help books Short to the point and very readable the tone of Wallace s book will remind of the classic Think and Grow Rich by Napoleon Hill The Science of Getting Rich was originally written almost a hundred years ago It is focused on the acquisition of money period A bold author who cuts to the chase Wattles asserts that we have a right to be rich while managing to steer clear of the notions of greed selfishness and trampling others Though Wattle s prescription for getting rich involves thought and acceptance of the idea he doesn t advocate meditative inaction Rather Wattles focuses on going about daily business and organizing life in such a way that money can flow into it so that life becomes really a self fulfilling prophecy The Science of Getting Rich includes an excellent chapter on the importance of gratitude Wallace also teaches that the biggest impediment to our supply of money is in the mind When we are focused on how unfair life is it truly is hard to become rich Packed with valuable ideas The Science of Getting Rich is worth several thoughtful re reads followed by a lifetime of application
